Swaying palms, sandy white beaches, and crystal clear, turquoise water, welcome you to Belize. Pelican Reef Villas blends deluxe amenities and breath-taking views with a discreet location 2.5 miles south of San Pedro off the coast of Belize on the island of Ambergris Caye.

Each villa has a fully equipped designer kitchen. The living and dining area are spaciouly designed with beautiful artwork and cozy furnishings. Bedrooms have king or queen beds with luxury pillow top mattress, master baths with Jacuzzi tubs, and private viewing verandas overlooking the Caribbean. Each villa also has a full size washer/dryer and daily housekeeping services. The infinity pool and pool bar compliment the on-site, a la cart menu available to be served in your villa, poolside, or on the beach, from 8AM until 5PM daily.
